LOYALISTS IN BERLIN SEEM TO BE IN CONTROL

BERLIN, Jan. 13.—The Spartacists were completely defeated today in a battle which raged since midnight. Loyal troops recaptured the Tageblatt and Wolff Bureau offices as well as the Ulstein buildings.

Thirteen thousand first line troops from the front have arrived in the city to reinforce the loyal soldiers. The Spartacus uprising at Stuttgart has been crushed and order has been restored.

At Essen the Workmen and Soldiers' Council is taking over the offices of powerful industrial enterprises.

The report of Karl Liebknecht's death in the street fighting Thursday is now said to be untrue. His whereabouts, however, are a mystery.

It was subsequently reported that Liebknecht had been found and arrested.

The Spartacus cause is now regarded as practically lost. The severity of the fighting around the Vorwarts building is shown by the fact that loyal soldiers found 400 dead Spartacists in the structure and many wounded in the cellar.

PRETTY WEDDING IS CELEBRATED YESTERDAY

A very pretty marriage took place Saturday night when Miss Christina Dickinson and Wilfred Cook were united in wedlock at the home of the bride's parents on First street.

The bride's dress was of satin and Georgette crepe with bead trimming. Only the relatives and a few of the personal friends were present.

As the beautiful wedding march commenced the bridal party marched between the assembled guests, through the beautifully decorated rooms and were united in marriage by Rev. Carl Bassett.

Following the marriage a sumptuous wedding dinner was served. William Beckman acted as best man, while the groom's sister, Miss Alleen Cook served as the bride's maid.

Miss Eva Lynn Hawnes played the wedding march.

Following the dinner, the bride and groom made their secret escape but they were later found and given a rousing greeting at their new home at 225 Fourth street.

The bride has been employed as bookkeeper at the Jones dry goods store, and the groom is employed at the Standard Oil.

Both are popular young people in Richmond and have been active leaders in the First Baptist church.

MRS. WESTOVER DIED

YESTERDAY OF PNEUMONIA. Mrs. Eva Ella Westover, wife of Gerald Westover, of 710 Alvarado street, died yesterday from pneumonia, following an attack of the influenza. She was 28 years of age. The body is at the undertaking parlors of the Smallwood Company, where arrangements are being made for the funeral.

At the present time, the sub-chaser on which young Schrader is stationed is making all the towns along the European coast, and at each place they are given shore leaves, and taken on sight-seeing tours. The boy expects to visit the famous Verdun battle field.

The other son, Ray, who is master at arms in the navy is somewhere on the ocean homeward bound, at the present time, and expects to arrive home next week on a furlough.

FRANK CLAUSON CREMATED. The body of Frank R. Clauson one of the explosion victims at Hercules last week was cremated at the Oakland crematory this morning. The Smallwood Undertaking Company attended to the arrangements.

LOCAL BANKER IS TO TESTIFY AT U. S. COURT MARTIAL

Charles S. Myers, receiving teller at the First National bank left Saturday for Los Angeles, where he had been summoned as a witness by the military authorities at Camp McArthur to give evidence in the court martial of Colonel Harry Newton of the quartermaster corps. Newton is charged with falsification of accounts and issuing bad paper. Myers was a paying teller in one of the Los Angeles banks at the time the alleged transaction took place.

"GRIZZLIES" ARE COMING HOME SATURDAY

The trains bearing the "Grizzlies" famed California fighters who have been in France and took part in some of the most fiercely fought battles of the late war, will come in over the Santa Fe railroad sometime late Friday or on next Saturday.

The exact hour of the trains' arrival cannot be determined at this time, but it will probably be known along toward the middle of the week and there will be an opportunity for the Richmond people to give them a cordial welcome, even if the boys are not permitted to stop off here. There are several Richmond men among the "Grizzlies."

LOCAL BOY HAS KISSED FAMOUS BLARNEY STONE

L. H. Schrader the well known furniture man has just received a lot of photographs from his son, Lou who is chief master mechanic aboard a submarine chaser, and whose vessel is now anchored off Ireland.

The sub-chaser has two submarines to its credit and partially disabled six others.

The pictures that were received show views in all parts of Ireland, and one of them shows the Blarney castle which was built in the year 1200. The Blarney stone is eight feet from the top of the castle, and young Schrader was lowered by his legs, and allowed to kiss the famous stone.

The legend is that whoever kisses the stone is immediately endowed with the gift of eloquence, so that "Dad" Schrader expects to have a great talkfest with his son when he returns home next June. The "Dad" is some talker himself, and he doesn't believe the boy can get away with him, simply because he has become acquainted with the Blarney stone.

At the present time, the sub-chaser on which young Schrader is stationed is making all the towns along the European coast, and at each place they are given shore leaves, and taken on sight-seeing tours. The boy expects to visit the famous Verdun battle field.

The other son, Ray, who is master at arms in the navy is somewhere on the ocean homeward bound, at the present time, and expects to arrive home next week on a furlough.

U. S. PEACE ENVOYS FEAR SECRET MEETING SPECTRE OF OLD TIME DIPLOMACY REARS HEAD

PARIS, Jan. 13.—Delegates to the first session of the supreme interallied council at the foreign office of Sunday afternoon failed to reach any agreement on the procedure of the peace conference, it was learned today from an authoritative source.

The second session of the meeting is scheduled to begin at the foreign office at 3 o'clock this afternoon.

The initial session was understood to be unsatisfactory from an American point of view. The spectre of "secret diplomacy" has already been dragged forth by the comment upon the first session.

It is expected that an official statement may be issued tonight at the conclusion of the second session.

This meeting of the premiers and foreign ministers along with President Wilson and Secretary Lansing was called for an interchange of ideas on matters of organization and detail regarding the peace conference program.

TEN HOUR WORK DAY IS WANTED FOR SERVANTS

SACRAMENTO, Jan. 13.—The bill of Mrs. Grace Morris, assemblywoman to limit the hours of women domestic servants to ten a day, has been referred to the committee. A Sunday closing measure, being discussed here, would probably go to the labor and capital committee.

The state's budget will be dealt with in the Assembly by the Ways and Means Committee and in the Senate by the Finance Committee.

Senator W. R. Sharkey's bill providing for regulation of prices of necessities by the State Railroad Commission and Assemblyman E. S. Hurley's resolution for an investigation of the San Francisco District Attorney's office are among the important measures awaiting action by the Judiciary Committee.

JUDGE ODELL IN ROLE OF COP IS BIG SUCCESS

Judge Odell is not a sleuth, but when infractions of the law come directly under his notice he is always quick to avail himself of the prerogative of punishing the guilty person or persons as the case may be.

Saturday night when he alighted from the street car on his way home from the East Side, he dropped into the cigar store at the foot of Washington avenue to make a small purchase. John Enright, working for one of the quarries near town was in the act of buying a package of cigarettes for a newspaper by the name of Melbourne Ferguson, aged 13 years of 641 South Fourteenth street. Judge Odell expostulated with the fellow, but he bought the cigarettes and after going outside passed the package to the small boy. The judge promptly arrested the boy and the man, and this morning in the police court, Enright was fined \$25 on the charge of illegally supplying a minor with tobacco.

The boy was set at liberty and told to refrain from smoking in the future, which of course he will not heed.

That some progress has been made, however, was indicated by Secretary Lansing's statement that "only technical details have been arranged so far."

The belief was maintained, however, that an agreement would be reached which would give the United States a chance to insist upon the inclusion of clauses which would enable the American commissioners to carry out all of President Wilson's fourteen principles.

The absence of Colonel E. M. House from the first meeting was an actual blow to the Americans, inasmuch as he had arranged many details which only he would be able to straighten out. Also Colonel House is on the friendliest terms with many of the envoys who have only a slight acquaintance with Secretary Lansing.

President Wilson was unwilling to discuss the happenings or even give a hint as to what had trans-

pired. It is now believed that the first gathering of the conferences of all the bigger of the allied powers will not be held until later in the week. The Japanese envoys will not arrive until tomorrow, and they may be delayed even longer. The Japanese ambassadors to France and England have been looking after Nippon's interests in the preliminary talks.

The opening meeting of the council lasted four and one-half hours, practically all of the delegates arriving on time. The courtyard of the ministry of foreign affairs was full of limousines bearing flags on the radiators indicating the various nationalities.

President Wilson's motor car carried a blue flag, indicating that the car bore the commander-in-chief of the United States' army and navy, as well as the Stars and Stripes. Marshal Foch's car carried the French tri-color with golden tassels proclaiming him as the generalissimo.

NINETY NEW CASES OF FLU AND FIVE DEATHS IN 48 HOURS

Ninety new cases of the influenza are reported during the past forty-eight hours by the health office, with five deaths, during the same period.

This is not considered an abnormal condition, taking everything into consideration, but the health department and the physicians of the city are not viewing the situation with a great deal of complacency. The general disposition of the malady seems to be to strike hardest on its second visitation and

that is just what the doctors here are afraid of. They fear that when it become general over the city that it will assume a more malignant aspect and then we will have the old battle to fight over again which took place during October and November.

So the health department is going to enforce the mask edict religiously and while meetings have not yet been cut out entirely that may follow in a few days, if the contagion continues to spread as it has during the past week.

MONTGOMERY HEIRS BEGIN FIGHT ON AIRPLANE PATENTS

SAN FRANCISCO, Jan. 13.—The first testimony to be taken in the legal battle for the control of the flying machine mastery of the air in this country, involving claims of the heirs of the late Professor John J. Montgomery of Santa Clara University and particularly attacking the validity of the Wright Brothers' airplane patents, will be taken by deposition in San Francisco today. The history of the experiments of the mission inventor from the early '80s down to the time of his death in an airplane accident in 1911 will be taken by deposition here from witnesses living in this vicinity and in Los Angeles and San Diego.

The claims of the Montgomery heirs are pending in two suits, one brought in the United States district court for the Southern District of New York, against the Wright-Martin Aircraft Corporation, which

owns all the Wright patents and manufactures all airplanes bearing that name. This suit claims an infringement by the Wright Brothers of the Montgomery patent and demands an accounting for all profits made by manufacture or royalty on the Wright machine and an injunction restraining the corporation from manufacturing any more machines embodying the fundamental principles of the Montgomery invention.

The second suit was filed by the Montgomery heirs in the Court of Claims, Washington, D. C., asking for compensation by the government for royalty on all machines manufactured for the army and navy. Both suits involve several millions of dollars.

Control of flight by the warping of the planes is the keynote of the suits. This is claimed as the fundamental principle of the Montgomery patent secured in 1906.

INQUEST HELD ON EXPLOSION VICTIMS

An inquest probing into the death of John Snyder, Otto Giesberts, W. K. Caldwell and F. R. Clauson, the four men killed in the nitro-glycerine, gelatine explosion at Hercules Tuesday was held by Coroner C. F. Donnelly, at the Smallwood undertaking parlors last night. The verdict was turned in by the jurors was that the men had met death accidentally while employed at their usual daily vocation. No blame was attached.

LEO E. GILDAY CALLED. Leo E. Gilday a railroad man working for the Santa Fe died at the Alta apartments on Macdonald avenue yesterday. He leaves a wife. Deceased was 36 years of age. The funeral will take place Wednesday from Bert Curry's undertaking parlors.

VISITED HIS PARENTS. Grover E. Milnes was down from the Sacramento valley yesterday for a few hours, returning to Grafton again late in the afternoon.

QUARANTINING 'FLU' CASES. There is much talk in the city of quarantining every case of influenza. Statistics show that there are four times more deaths from the "flu" than from small pox.

GREGORY QUILTS AS ATTORNEY GENERAL OF U. S.

WASHINGTON, Jan. 13.—Attorney General Gregory will retire from the cabinet March 4 to return to the practice of law. His resignation announced last night at the White House, was cabled to President Wilson at Paris Thursday and accepted.

Mr. Gregory has long considered returning to private life because of pecuniary responsibilities. At the request of the President, however, he decided to remain in office until March.

The attorney general has not decided where he will take up law practice. His home is in Texas.

CHICAGO, Jan. 13.—The resignation of Attorney General Gregory announced Sunday has upset the plans of Chicago Democrats, who according to reports today were ready to launch the mayoralty campaign of United States Senator J. Ham Lewis, Thursday.

Senator Lewis is mentioned as a probable successor to Mr. Gregory and until this question is definitely settled the Chicago Democrats say they are somewhat "up in the air" regarding the candidate for mayor.

DESPONDENCY IS THE CAUSE OF SUICIDE

OAKLAND, Jan. 13.—While his five young children lay ill with influenza in adjoining rooms, Angelo Arata propped himself up in bed early today at his home, Forty-eighth street and Telegraph avenue, Oakland, and sent three pistol bullets into his breast. We was dead when the nurse returned to the room a short time later.

Arata was himself a victim to the disease, which claimed the life of his wife a week ago. When his wife died, Arata was delirious. He did not know of her death until several days later.

One by one the entire family, father, mother and five children, had been stricken.

Arata inquired about the condition of each of his children when the nurse was attending him for the last time this morning. He insisted upon an accurate report. The nurse spoke hopefully, but Arata appeared to be deeply depressed.

The shots were not heard by the nurse, who was attending the orphaned children.

REBELS PLAN TROUBLE IN BRAZILIAN CAPITAL

BUNEOS AIRES, Jan. 13.—The commanders of the government troops officially report 250 dead and 700 wounded as a result of the strike riots in this city.

The ranking naval officer, discussing this report said:

"If you double it, you will be nearer the real casualties." At 4 o'clock this morning it was stated at police headquarters that no serious clashes had been reported anywhere since 10 o'clock last night. At that hour it was believed the government had the situation in hand.

Reports from Montevideo say that the authorities there are strengthening their forces against the Bolshevik movement. Troops have been thrown around Villa de Cerro, localizing strike disorders to that district where there are American packing houses.

Severe fighting occurred at a sugar refinery in Rosario yesterday following the declaration of a general strike. The number of casualties has not been reported.

Civilian guards with rifles and drawn revolvers patrolled Buenos Aires Sunday, breaking up crowds and arresting suspicious characters. It is announced that 150 persons suspected of being implicated in a Bolshevik movement aimed at the overthrow of the government had been arrested.

Patrols of guards were fired upon several times during the day. During the evening a repentant "Maximalist" confessed, according to the military authorities, that there had been a plot to destroy the Plaza Hotel during the night. A machine gun company was sent to the hotel which houses the families of several American business men on missions here.

There was limited street car service on Sunday, but all the cars were withdrawn after dark, and all suburban trains were annulled at 9 o'clock in the evening.

PROF. W. J. NEELY REPORTED TO BE OVER DANGER STAGE

Dr. Wm. S. Lucas and Mrs. C. A. Odell, physician and nurse, respectively, for Professor William J. Neely, manual training instructor at the Union High School, who has been close to death's door during the past week, with pneumonia, both agree today that his chances for recovery are very good and that unless other complications arise he will be as well as ever in a few days.

Armenian Relief

This is campaign week for the relief of the Armenians — Much money has been given to stricken people in Western Europe but very little to those who were almost destroyed by the Turks. These people are pleading for assistance. HELP THEM.

**GOVERNMENT PROMISES
BROKEN**

WHEN the government inducted both volunteers and drafted men into the military service it gave them a promise equivalent to a guarantee that certain specified allotments would be paid to their dependents. Many men relied on that promise to keep their families from destitution; they undertook their military service secure in the thought that United States government would not fail their wives and children in this emergency.

The government or the war department or the clerical departments at Washington have not kept the promise and thousands of soldiers' and sailors' families have suffered in consequence. No one knows exactly how many cases there are where the allotments have failed to arrive, but it is safe to say there have been few instances in which there has not been considerable delay. Many could be cited where the dependents have not yet received the money due them from the government, though the soldier himself returned to America and to his normal pursuits. There was it should be said, no lack of good intention on the part of the government; it was simply a lack of preparation, organization and system. Secretary Baker in admitting that this condition exists no doubt regrets it as keenly as any one.

One experience in this regard cannot fail to arouse apprehension with regard to the plans for taking care of the returning soldiers, especially the wounded and disabled. Congress has appropriated a considerable sum of money for the use of the federal board for vocational education to use in re-educating injured soldiers in order that they may obtain profitable employment. But there is no lack of testimony that many of the wounded men have never heard of this board nor of the advantages which it is supposed to offer. By the provisions of the law the federal board will include adequate support, including monthly allotments, for the men who are being trained under its supervision. We may hope at least that in the conduct of this work there will be no repetition of the conditions that existed in the war department.

FEW KING ARE LEFT

Not all the kings of the earth are to go. Albert of Belgium is already venerated as the great national hero. His people worship him almost as they worship their God. Victor Emmanuel of Italy has fought with his people, suffered with his people, and wept with his people. He is secure in their hearts. George of Great Britain has shown himself a patriot and an Englishman and his crown is secure. The queen of Holland, the kings of Denmark, Norway, and Sweden seem untouched by the anti-monarchical upheaval. Alfonso of Spain appears as secure on his tippy throne as he ever has been. The mikado is still the Son of Heaven though shining in decreased brilliancy.

But all these rulers are either the true servants of their people or they are fast learning the lesson that in order to retain a crown in these days one must be a democrat. Imperialism is at an end, but the institution of

kingship will probably continue for a while, wherever there are monarchs who have the love and respect of citizen peoples.

NEW LAWS DEMANDED

Chairman Hurley of U. S. Shipping Board in commenting of building up the American Merchant Marine says we should not yet change our shipping laws or the LaFollette seaman's act. That is has not been tested and that if we find we cannot keep our ships on the ocean under present legislation it will then be time enough to ask congress for a change.

We on the Pacific Coast know that under a trial of the LaFollette act on the Pacific, every ship in over-sea trade flying the American flag had disappeared long before we entered the war. They simply could not compete. High war rates brought some of them back but these rates will go as rapidly as they came and then where will we be—high and dry with the foreign bottoms grabbing the business as in the past. Now is the time to encourage Americans to go into the shipping business—not after they have been again forced out of it.

Congress has enacted a law forbidding the alienation of any American vessel without the consent of the United States Shipping Board, but neither that law nor any other of similar character will keep any American vessel in operation or prevent baronies from growing on its hull unless conditions are such that it can be operated under the American flag at a profit for those who are operating it.

Appropos of public ownership of public utilities the Manufacturer declares that experience in Australia, Germany, France, England and America has proven that public ownership kills all incentive to improvement. What is everybody's business is nobody's business. For example in Australia the telephone is publicly owned they use the obsolete magneto system of switching that was discarded in this country over 20 years ago. Publicly owned enterprises are run by the politicians for the politicians and politicians are notoriously incompetent managers.

The California State Health Insurance Commission tried to establish a paternalistic health insurance measure for special classes. The people voted it down about 3 to 1. The promoters of the scheme are now trying it in other states and will attempt to put a similar measure through the Oregon legislature. Well why not pass all the socialistic measures proposed and then everybody get a state job, be fed by the state and doctored by the state whether they needed it or not. Fine, but who in heck would be left to pay the taxes? A few common people and industries must be reserved for that privilege.

Want some money? Here is a chance to get all you are in need and more, if you go about it in the right sort of way. A Japanese liner from New York is at the dock in San Francisco and in her hold there are a great many tons of Russian Soviet money. This is going to be taken off by the federal authorities and held under a clause of the law

that makes it illegal to print money for another country in the United States. It appears that this money was printed in New York and was sent to the Orient by the printers under the guise of printed matter. It is to be hoped that the New York printers took their pay in something beside Soviet currency.

It is stated as a scientific fact that in twenty years of propagating salmon that industry is just beginning to realize on the efforts of the government and it is about back on the old basis. It is said that if the young fry is kept around the hatching ponds and fed with regularity until they are from four to six inches long, until they are able to take care of themselves, that they will return to their old feeding grounds just as sure as day follows night. Then all you have to do is catch them and put them in cans.

NOTICE TO TAXPAYERS

State and County Taxes For the Fiscal Year 1917-1918
Office of the Collector of State and County Taxes, Martinez.

TREAT IN STORE FOR PEOPLE AT THE RICHMOND

A treat for "movie" lovers is in store at the Richmond Theatre today and tomorrow when dainty Marguerite Clark will appear in a Paramount screen version of "Prunella" which will be remembered as her greatest stage success some years ago. A story of "Love in a Dutch Garden" as its authors, Granville Barker and Laurence Housman called it, the picture is even more beautiful than the stage version and under the expert direction of Maurice Tourneur, has become a most unusual production. The cast includes Jules Raucourt, who recently appeared in support of Pauline Frederick in "La Tosca" as the Pierrot who falls in love with Prunella and abducts her from the "rim home of her aunts, only to desert her later. How he finds that after all he cannot live without her and returns to her old home in the hope that she too will come, is skillfully and charmingly shown in this new Marguerite Clark Paramount picture.

TRACTOR SCHOOL ON TRUCK FOR CONCORD

A tractor school on trucks is being organized at Concord by the department of industrial and vocational education. It will be financed largely by the State Board of Education through the State Board of Education.

EDWARD RENO HAS GAINED 25 POUNDS

Takes Tanlac Following Attack of Influenza And Results Are Wonderful.

"For anyone suffering from the after effects of influenza and needing something to build them up," said Edward W. Reno, a well-known employee of the American Railway Express Company, living at 1721 Broadway, Kansas City, Missouri, "Tanlac is the finest thing in the world, and I'll tell you why."

"During the recent epidemic I was taken down with the 'flu' myself and for two weeks was just about as sick as one gets to be. I finally managed to pull through, but my I was as weak as a baby afterwards. I lost twenty-two pounds in weight or more, and every ounce of strength seemed to be gone. Of course, I wasn't able to do a bit of work and it was just about all I could do to walk around and my legs would just completely give out sometimes I had no appetite, either and never cared for a thing to eat."

"I knew I wouldn't be able to go back to work at all feeling like I was, and as I had heard so much about Tanlac I decided to test it out. Well, it seemed to help me right from the first few doses and has put me in shape to where I have actually gained twenty-five pounds in thirty days time. I have just finished my third bottle, and it is nothing short of astonishing the way it has increased my strength and built me up in every respect. I have not only gotten back all my old strength, but I really believe I feel better than I did even before I had the 'flu'. My appetite was never better, all that tired feeling is gone and I am putting in ten hours of good, hard work every day, and it really does not bother me one bit. To say I'm strong for Tanlac is making it very mild. I am constantly telling some friend about it, and I think everybody who is in a rundown condition would do well to give it a trial."

As has been stated, there is not a single portion of the body that is not benefited by the helpful action of Tanlac. Tanlac contains certain medicinal properties which enrich the blood and promote a healthy appetite for nourishing food, thus helping to build up the health and strength in the natural way. And as in the case of Mr. Reno, Tanlac will prove invaluable to all persons suffering from the after effects of influenza, la grippe, typhoid and pneumonia, bronchial troubles, etc. Tanlac is a powerful reconstructive tonic and always produces most gratifying results.

Tanlac is sold in Richmond by F. E. LaMoine; in Antioch by H. J. Shuman; in Crockett by J. Civiletti; in Pittsburg by Regal Pharmacy; in Antioch; by Shuman Drug Store, and in Pinole by E. K. and W. Dunlap.

PERFECT VAUDEVILLE BILL AT OAKLAND OAPHEUM THIS WEEK

The bill at the Orpheum this week is probably the nearest thing to a perfect vaudeville program that has been seen at the Orpheum this season. Trying to pick individual hits is almost as impossible as finding a needle in a haystack, for each act is an individual hit.

Mr. Leo Beers, who calls himself "vaudeville's distinctive entertainer" is indeed worthy of the title. He is an accomplished pianist, has a very pleasant baritone voice and tells a number of excellent stories in a way that is singularly original. The best part of Mr. Beers' stories are that they are new. The Barr Twins, two beautiful young girls, sing and dance in a most pleasing manner. They wear a number of very pleasing gowns, that are sure to appeal to the feminine portion of the audience.

Swor & Avey, two black faced comedians open their act with a slight breeze of laughter which develops into a howling gale of laughter at the conclusion.

The Four Buttercups, are a female quartette who gain more than passing interest in as much as they all have excellent voices, sing a number of jazz selections with a great deal of pep.

Gerald E. Griffin and Company offer a little Irish sketch which is well played by Mr. Griffin and his company. As a singer of Irish melodies Mr. Griffin leaves nothing to be desired.

The Littlejohns, a particularly clever juggling act with a wonderful setting of dazzling stones and jewels open the show with great success.

Miss Grace Nelson, the American prima donna, is indeed a sure fire hit. A very pretty woman with excellent voice and lovely gowns.

S. P. RYAN'S COMMUTE TRAIN ON CONCORD LINE

The Southern Pacific railroad has inaugurated a commute service between Walnut Creek and the shipyard at Bay Point, taking in the town of Concord and other intervening points. A great many of the people working at the big plant are living in these towns and have to take education. It will be financed land-antioch electric road in going to and from their work.

HORACE REED MAY BE SENT OVER TO FRANCE

Horace A. Reed has arrived in New York on board the U. S. S. Independence. He thinks that he may go to France. Reed left Richmond to join the navy about two years ago and has made many trips through the Panama canal, to New York. Reed was formerly a Standard Oil employee. He now occupies the position as head of the carpenters' department on board the Independence.

SUGAR REFINERY IN CROCKETT BEGINS WORK

CROCKETT, Jan. 13. — The first cut in for the season of 1919 in the big C. & H. sugar refinery was made this morning.

The refinery has been a busy place for the past few days, with the superintendent and the assistants getting ready for the season's run—and with the office force moving into the new office building and getting itself established there—and the force of workmen finishing the office building, completing the steel bridge across the tracks of the Southern Pacific and changing the entire front of the refinery proper, with a view to cutting out altogether the ground floor entrance for foot passengers.

GRAND JURY DISCUSSES NEED OF COUNTY SATURDAY MARTINEZ, CAL., Jan. 13.

Discussion of the county government bill and the appointment of a county purchasing agent, were the chief features of the Elworth grand jury Saturday. Senator Will R. Sharkey and Assemblyman W. E. Calahan were here from Sacramento and met with the inquisitorial body. It is understood that the report of the grand jury will be forth coming before long.

IS LOVE BLIND?

None so blind as they who imagine that appearance don't count with Daniel Cupid. The little fellow soon loses interest in the girl or woman who doesn't dress to tempt his discerning eye. There are few broken hearts among women who make themselves charming. Cherry's smart shop at 515 13th street offers every woman the chance to be attractive. You can get all the beautiful clothes your heart desires for just a few dollars down and a few dollars monthly. Cherry's also sells men's clothes on the same liberal credit terms at 528 13th Street, Oakland—Adv.

PYTHIAN SISTERS INSTALL THEIR NEW OFFICERS

Contra Costa Temple, Pythian Sisters, held their annual installation of officers in Pythian Castle Saturday night before a large number of the lodge members. All the members present wore masks. A banquet was served after the meeting. The retiring officers of the lodge were presented with tokens of appreciation, which were presented to them by members for their faithful services rendered the lodge during the past year. Past chief pins were presented to Mrs. Nellie Hutson and Mrs. Minnie Davis. The installing officer was Mrs. Anna Boyer, assisted by Marion Tubbs and Bessie Gregory.

The new officers for 1919 will be the following: Past chief, Nellie Hutson; most excellent chief, Sue Moore; ex-senior, May Fallon; ex-junior, Adeline Bryant; manager, Elizabeth Marshall; M. of R. and C. Josephine Barelles; M. of F. Ida A. Oliver; protector, Ruth Wright; outer guard, Mary Moore. The committee in charge of the banquet was composed of: Mrs. Ida Towers, Mrs. Sophie Speck and Mrs. Anna Boyer.

FERRARIO SENTENCED TO PRISON ON SATURDAY

Antone F. Ferrario, of El Cerrito who last week was convicted of assault with a deadly weapon in the superior court at Martinez, was sentenced Saturday morning to an indeterminate sentence in the state's prison by Judge A. B. McKenzie. The sentence is from one to two years. Judge McKenzie ordered that Ferrario be taken to San Quentin and there be turned over to the state authorities.

BIG STORE MANAGER IS RECOVERING HEALTH

Harry Marcus of the Big Store, who has been down with the influenza for the past two weeks is much better today. He is able to sit up, and it is expected he will be at his place of business again by the end of the week.

BUILDING LAWS ARE INVOKED BY INSPECTOR

Building Inspector I. E. Marshall did a good job this morning; he put an end to the gambling device that had been set up on Macdonald avenue between Sixth and Seventh streets, in which the money of the small boy was being taken away from him, and in addition the boy was taught gambling.

When Marshall took action he did not take into consideration the moral end of the game, but the nomad who had set up his tent in the vacant lot, had electric wires strung, and evidently intended to camp for some time, had failed to take into consideration the fact that there is a building ordinance in the city of Richmond which provides for fire-proof buildings on Macdonald avenue.

Marshall informed him that he had failed to comply with the ordinance and he would have to close up, and the fellow did.

HIGH LIVING COST PINCHING HOSPITALS

SACRAMENTO, Jan. 13. — The state government is feeling pinch of the high cost of living as well as the ordinary individuals of California according to the report of the State Budget Board made public today.

Due to the high cost of food, clothing and fuel the board was compelled to increase the appropriation for the maintenance of the nine state hospitals for the next two years \$1,949,477 over what it was in 1917.

"We tried to cut the bill, but the inmates must eat and be cared for," remarked Marshall De Motte a member of the board.

MERCHANTS PLAN TO ASSIST BOARD

A meeting of the Richmond Merchants' Association will be held this evening at which time action will be taken to co-operate with the city health officer, C. R. Blake, and do everything in its power to help stamp out the epidemic of influenza.

MATRON'S FUNERAL TODAY

The funeral of Martha M. Davis who died at her home on the Sobranita road, near Giant the other day, took place at the Smallwood undertaking parlors this afternoon. The body was interred in Sunset View cemetery.

NO "FLU" AT SAN QUENTIN

With 2800 prisoners on its hands, Warden Johnston has announced that there is not a single case of influenza in the state prison at San Quentin. This is sure some record.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

JOSEPH WOLFF SERIOUSLY ILL AT CRAVEN HOSPITAL

Joseph Wolff, clerk for Julius Stiefvater at the Eighth street store is very sick with pneumonia at Craven hospital. He was taken there this morning in the Smallwood ambulance.

PHILIP PENA DEAD

Phillip S. Pena a native of California and a lead burner by trade, died at his home, 419 Sixth street yesterday of pneumonia. He is survived by a wife, Grace Pena. Funeral arrangements are being made by the Curry undertaking parlors. The funeral will take place tomorrow morning at 11:30 o'clock from the Curry undertaking parlors with interment at Sunset View.

CONRAD ANDERSON PASSES

Conrad Anderson died at the Colonial hotel this morning after a short illness. He was 38 years of age. No relatives survive him. No arrangements have as yet been made for the funeral.

TAKE OUT LICENSE TO WED IN MARTINEZ SATURDAY

Wilfred H. Cook and Christina Dickinson, both of this city, took out a license to wed at Martinez Saturday, the prospective groom gives his age as 21 and the bride as being 22 years of age.

PERES BROTHERS GO INTO TRUCKING BUSINESS

Eddie Peres has purchased a five-ton Peerless truck, and left yesterday for the Sacramento valley where he will enter the trucking business. His brother George accompanied him.

NEW MARKET IS WELL UNDER CONSTRUCTION

A large force of men are at work on the new building of Max Chinitz at the corner of Eighth and Macdonald.

BREWER DEPARTED FOR THE NORTH YESTERDAY

Chauncey M. Brewer who has been manager of the Western States Gas & Electric Company for the past five years, left yesterday for Albany, Ore., where he will be located in the future.

DR. BERNICE BENNETT DEPARTS FOR LOS ANGELES

Dr. Bernice M. Bennett left for Los Angeles yesterday where she will open up offices for the practice of her profession.

GIVEN 30 DAYS' SENTENCE

John O. Driscoll was given a 30 days' suspended sentence in the county jail this morning by Judge Odell on a charge of being drunk. Driscoll promises to abstain from the drink habit in the future.

FREE FLOWER SEEDS

The Record-Herald has a number of packages of flower seeds, that were sent out by Congressman Charles F. Curry for free distribution. As long as they last you are welcome to a package. The garden seeds have not arrived as yet.

FREDERICK GORMAN DIES

Frederick O. Gorman died this morning at the family home at 1804 Nevin avenue. He was 33 years of age and unmarried. No arrangements have as yet been made for the funeral by Undertaker Bert Curry, where the body is resting awaiting interment.

JACK WEED TO MOVE

E. M. Weed will move into his new store on Macdonald avenue, between Sixth and Seventh street tomorrow.

PUBLIC HEALTH NOTICE NO. 11

On account of the threatened invasion of the virulent Spanish influenza for the second time in this City, the following orders are hereby issued and the public are warned as follows:

All dances are prohibited until further notice.

Avoid all public gatherings.

Wear a mask when riding in street cars or attending the "movies." No person allowed to attend any moving picture show or public gathering of any kind without wearing a proper mask to cover the nose and mouth.

Do not visit your neighbors.

Stay at home as much as possible.

Do not visit any of our neighboring cities as they are afflicted worse than we are.

Don't be a "MIXER."

CHAS. R. BLAKE, Commissioner of Health, City of Richmond.

Richmond, Cal., Jan. 7, 1919.

An Unbroken Chain of Boiling Points

The value of gasoline lies in the uniform continuity of its boiling points. In Red Crown, the Gasoline of Quality, the boiling points form a continuous, uniform chain.

Only a straight-distilled, all-refinery gasoline can have this continuous, uniform chain. Mixtures always have "holes" in them.

Red Crown is a straight-distilled, all-refinery gasoline having the full and unbroken chain of boiling points: Low boiling points for easy starting, medium boiling points for quick and smooth acceleration, and high boiling points for power and mileage.

Look for the Red Crown sign before you fill.
